Be it enacted by the Council as follows:

In determining the number of employees working for an employer, all employees performing work for compensation on a full-time, part-time or temporary basis shall be counted, provided that where the number of employees who work for an employer for compensation per week fluctuates, employer size may be determined by counting the highest total number of employees concurrently employed at any point during the reporting year.

covered employers to submit the form anonymously, provided however that the signed statement required pursuant to subdivision c of this section shall identify such covered employer.
